4. CALA Deactivation Policy

CALA’s goal is providing reliable and long lasting partnerships with both Partners and Contractors. CALA does this by connecting the top Designers with the top Partners in terms of design, quality, reliability, accountability, and transparency in communication. This is only possible when Designers trust Partners and vice versa. If we determine, in our sole discretion, that you have breached the terms of this Agreement, you may be barred or suspended from using the Platform, either temporarily or permanently, depending on the seriousness of the breach.

Following completion of a Design Project, you may rate a Partner on a five-star scale and give feedback. This system holds Partners accountable for their production quality. Accountability helps create a respectful environment for both you and Partners. Partners can see their current rating in the Platform. Likewise, Partners may rate you as a Designer and give feedback through the Platform. The easiest way to keep the average rating high is to provide exceptional quality product and turnaround time on every Design Project.
